Concealed set screw mounting, suffix "DP" on codes

Specifications:

The Frost SP series stock grab bars are of an all stainless steel construction.

The brushed and peened finish make this an attractive cost effective product to specify for any installation. Stamped flange is 12 gauge stainless with a full 360 degree bead weld to the 18 gauge stainless tubing. Features concealed mounting detailing as shown in illustration above.

Barrier Free Access:

The Frost SP grab bar series comply with handicap codes requiring 1-1/4" to 1-1/2" bar diameter and wall clearance of 1-1/2".

Barrier free access specifications may vary depending on jurisdiction.
